Hi Kristen,

One way to access records is to click on the 'Property Information/Axis GIS' popular link button on the bottom half of our homepage.

In the upper left corner, you will see a search bar.

Start typing 10 Abby and select the correct address from the list.

Click on the property to bring up more detail, then click on the 'Building Docs' link.

Assessment

This will bring up a "legacy" file which is the contents of what we have in our older paper files. I didn't see the HHE200 there, but there are some permits.

The newer files can be accessed through our MyGov Portal from the Code Enforcement page. Navigate there from the Departments submenu at the top of the homepage. The MyGov portal is the first option on the lefthand sidebar menu.

From the MyGov page click on 'Address Lookup'

ADDRESS LOOKUP

Enter 10 Abby and the rest will populate. The permit you're looking for is there along with permit inspection notes. The permit is under the Generated Documents subheading, but I've attached it today for your convenience.

Have a good day.
