I am writing to you regarding the proposed Dog Daycare in Windham. I live on the border of Windham. Lakeside Dr/ Cottage. To hear that Salty Dog is looking to expand was such great news. I mostly do all of my shopping and business in Windham. I try to avoid going all the way across town to Falmouth unless it is to go the Salty Dog and drop off my dog.

To have the option to go to Windham and be able to drop off my dog would be so convenient. I know of many others just in our area that would also be excited and would fill a void.

The workers and owners of Salty Dog run a great business and it would be disappointing to hear that Windham would deny due to zoning.

I hope you reconsider and can accommodate. Great to see businesses expand and grow.
