Tony,

Below is a response to comments in the staff memo that accompanied the materials forwarded to the Council for the acceptance of the Phase III roads in the Sebago Heights Subdivision. Can you please advise Mr. McCormack if these comments can be added to the Council packet, or if he should address the Council directly when the item is before them at a meeting?

Amanda: Please read email from Bob Grondin. There will be no damage to Phase 3 roads when Phase 4 and 5 are completed. There was large truck traffic immediately following pavement of River Road reconstruction ; so some traffic can't be helped. Grondin will be using the same access road as other phases; so there will only be about 500 ft of Phase 3 road to be used to access Phase 4 and 5. We will be asking for final acceptance of Phase 4 and 5 combined when they are complete. Also, as you know, there will be an approximately \$180,000 one year maintenance bond for Phase 3 roads. During that year, we will be by in large completing all the heavy construction of Phase 4 and 5. The 27 residents of this Phase 3 greatly want this road accepted. Please make it happen. Thank you. Greg McCormack and Amy Mulkerin.

Greg, Ken had a vac truck clean all the basins on phase 3 before he left. I have an invoice dated July 7, 2015 supporting this.

Also, as far as the construction traffic on the roadways, they were built to town specs, and they know as well as anyone when a project is built out in phases, the market dictates the duration in which it may take to build out a project. All our heavy hauling took place on the road that goes into the back of the pit. Others working on the sites presented more traffic throughout the entire project. Again though, the town knew this going in.

Greg,

As I discussed with Amy on Monday, I've forwarded your road acceptance request to the Town Manager's office. In addition to the application materials and as-built plans submitted, the attached memo was also included in the packet. I will be in touch once I know what Council meeting the application will be considered. If you have questions about the Council schedule you'd need to contact Tammy in the Town Manager's office.
