Hi,

While I understand no town can remain unchanged, the speed at which our open spaces and bucolic settings have been replaced by multi-family dwellings is rather alarming.

This past weekend I was made aware of a new development that would not only do more of the same in Highland Cliff road, it seems that the project developers are cutting some corners, and that our town leaders are allowing this to happen.

Unchecked growth and disregard for checks and balances is concerning me, my family and others in our community.

Highland Cliff road is a gem as is and I urge the town managers to proceed with caution, with respect of our normal processes and as stewards to protect the beautiful spaces Windham has remaining.

I'd like to be added to the notice list for this and any other developmental projects planned for Windham.

Thanks so much for your consideration,

Germaine Lang
