I am writing to all of you concerning an item on the Agenda for tonight's town council meeting. I was unaware this was coming up until just a few minutes ago and unable to make it to the meeting. I just want to say I am strongly opposed to the 'REFERENDUM FOR CHARTER AMENDMENT TO MAKE THE TOWN CLERK AN APPOINTED OFFICIAL'.

In my opinion, the Town Clerk most definitely SHOULD be a resident of Windham, and the position should remain as an elected official rather than an appointed official and be accountable to all the provisions of elected officials.

Thank you all for your willingness to serve on the Town Council. I hope you sincerely consider it your duty to listen to the opinions of concerned Windham citizens.
