Dear Tony,

Thank you for the Town of Windham's very generous gift of \$1,800.00 to the Trauma Intervention Program (TIP) at Maine Behavioral Healthcare made on Wednesday, September 06, 2017. TIP is composed of specially trained citizen volunteers who provide emotional and practical support to victims of traumatic events and their families in the few first hours following a tragedy.

On behalf of the Maine Behavioral Healthcare staff, Board of Trustees and those we serve, I want to express our sincere appreciation for your generosity.

Your contribution helps TIP and Maine Behavioral Healthcare staff train citizen volunteers to provide emotional and practical support to the victims of traumatic events and their families in the first few hours following a tragedy. Calls might involve an elderly woman suddenly faced with the death of her spouse, a family who has lost its home to a fire, or a father anxiously awaiting news about an injured child. While these situations are all very different, one constant remains: these people do not have to face their crisis alone, thanks to TIP.

Sincerely,

Michelle Zichella  
Development Director

Maine Behavioral Healthcare will provide a seamless and compassionate continuum of care through a community of providers collaborating to promote recovery and the overall mental and physical well-being of those we are privileged to serve.
