NOTES

- Owner of record is Cynthia J. Croy by deed recorded in the Cumberland County Registry of Deeds in book 12,066 page 50.
- All bearings are referenced to Magnetic North as observed in November 2004 and calculated from angles of an actual on the ground survey.
- This property is shown as Lot 103 on Windham Tax Map 11A and is in the Farm Residential Zone.
- The entire site and/or subdivision shall be developed and/or maintained as depicted on the site and/or subdivision plan and in accordance with all accompanying written submittals and in accordance with any conditions attached by the Planning Board. Approval by the Town Planner shall be required for any minor alterations to or deviations from the approved site and/or subdivision plan, including, without limitation, topography, drainage, landscaping, retention of wooded or lawn areas, utilities, size, location and surfacing of parking areas and location and size of buildings.
- Failure to commence substantial construction of a subdivision or site plan within two (2) years of the date of the Planning Board approval of the plan, shall render the plan null and void.
- Houses within the subdivision shall be constructed with the provision for either of the following: (a) A positive foundation drain, whereby the footing elevations should be set as established by the builder, or, (b) Any other foundation drainage system, such as a sump hole, whereby the bottom of the footing elevation shall be at least 12" above the limiting groundwater level as determined by a licensed site evaluator and approved by the Town of Windham Code Enforcement Officer.
- This property does not fall within any special flood hazard zone as defined by FEMA.
- The purpose of this amendment is to divide Lot 103 into Lots 103-1 & 103-2.
- The sight distance for the existing driveway on River Road is in excess of 1000' in both directions.
- Lot 103-2 will require a drive way permit from the Publics Work Department.
- Lot 103-2 is to be served by public water from Cedar Lane and Lot 103-1 is to be served by a drilled well.
- Total wetland impact is estimated to be 2426 square feet.
