Hit & Run

1

This is a summary of the most common calls the **police** department responds to on a regular basis. Included are calls that have been the topic of recent discussion.

**BE the Influence:** The Be the Influence committee has been working with the 7th grade class on an OPIOID awareness project. Captain Andrew and I were fortunate to participate in a panel discussion with the group. The work the students, the teachers and BTI have been doing is impressive. Not only is it clear that student are well informed on the OPIOID crisis and its implications. The key component to the project is a video with a Back to the Future theme. The video will depict two scenarios, projected out to the year 2051. One scenario where the crisis was stopped in the future is bright, the other where the problem persists and the future being rather bleak.

There will be a presentation of the project at the Middle school Thursday evening May 7<sup>th</sup>. This will be a great opportunity for the public to see the incredible work by the students.

**Department Meeting:** Please remember there is a mandatory full department meeting set for Thursday the 28<sup>th</sup> at **2PM**. We will have road coverage to give on duty people the opportunity to attend uninterrupted. If you must be excused please see your supervisors who must clear it with your Captain.
