

March 2025

Town of Windham
Attn: Barry Tippetts
8 School St
Windham, ME 04062

Dear Barry Tippetts,

The Trek Across Maine is just over 2 months away and will be coming through your town on Saturday, June 14th, and Sunday, June 15th, 2025, with our 41st Annual event. **Our routes are finalized except for unexpected road construction.** The Trek is the largest, longest running 3-day cycling event in the Northeast. We are notifying you of this special event so that you can be aware of an increased number of cyclists and vehicles (some large trucks) on the road. We will be relying on you when we ride through your town for 911 Emergency Medical support. I am enclosing our current route map (turn-by-turn) through your town in case of an emergency so you will know which routes we will be on, and so that you can inform us, if you haven't already, of any road or utility projects that might impact our route on town roads. We ask that you please post the enclosed **"SLOW DOWN AND SHARE THE ROAD"** safety poster. We would also like to invite the citizens of your town to volunteer, cycle, or just come out to help us celebrate the Trek Across Maine, and being able to breathe clean air. Signs, balloons, banners, and cheering are all welcome and appreciated.

I have attached the finalized 2025 turn-by-turns and route map through your town highlighting intersections where we may need assistance. Please contact me if there are areas of concern. Thank you for your cooperation and assistance.

The Trek will take place during daytime hours, with no road closure necessary, except for emergencies, and cyclists will keep right as much as possible. We are currently anticipating about 800+ cyclists and over 400 volunteers for this event. The American Lung Association in Maine relies on community support so that we can continue to raise the needed funds to support our mission of fighting lung cancer, lung disease, teen smoking and more.

For more information contact Gale Auclair at 207-907-9155 or Gale.Auclair@lung.org, or me if you have any questions, suggestions, or comments regarding this event. The contact numbers for **Trek weekend are Gale Auclair at 207-649-9803 and Bob Betts at 603-380-2022.**

Thank you for your cooperation and assistance.

Sincerely,

George Eastman
