**Subject:** Re: Proposed mini public park

Hello Bob and Mary

Thank you for your feedback and I will be following up with you, the abutters on both sides and others in the neighborhoods. The funding for the park, I am told, is about as close as you can get to a “done deal” ...so that’s the good news. But nothing is final until its final. I have recommended that we not announce the formation of an adhoc committee until we know for sure that the funding has been approved in its final form. The time line for this I am told, should be in the next 60 days. Once this is confirmed, we will put the adhoc committee formation on the town council agenda and make the notice public to all residents. There is a process for volunteers to become members, as all has to be done with full transparency.

In the meantime, think about what form you would like this micro park to take.

Thank you again for your feedback and you will be hearing from me / the town soon. Welcome back to MAINE!! ...You could have done a little better, bringing back some of that Florida sunshine and warmth north .....we need all the help we can get to kick things into Spring!!

Best,  
Mark

Hello Mark

Both Bob and myself are very interested in being considered to participating in the committee as we are abutting the proposed site. We just arrived back from Florida thus the delayed response. I think about this site often and would look forward to contributing feedback!

We look forward to hearing from you!  
Thank you for your consideration!
