To whom it may concern,

We are writing to voice our opposition to the proposed changes to the Windham land use ordinance.

The reason we chose to buy a house in a FARM ZONE in Windham was to ensure a peaceful and tranquil place to call home for when we were able to retire.

If you change the Zoning to allow multi-family units and if you remove the FARM ZONING, then you are removing the entire reason for living outside the city.

Year after year, we have chosen to commute back and forth to our jobs, in order to be able to escape the noise, traffic, and heat of the cities pavement and people for some peace and quiet.

Everywhere you look in Windham these days is being cleared for housing units and apartments, money, money, money, enough is enough.

What about the wildlife and the glorious trees that we have been blessed with, it's all being destroyed. So some contractor can make a buck and some polication can line their pockets.

Come on people, I beg of you to save what land and trees Windham has left.

We can't be the only ones who wanted to retire here without having neighbors on top of neighbors surrounding us, not to mention the delivery trucks, one after another day after day, let it be!

SAVE THE FARM ZONING - IF WE DON'T SPEAK OUT TO SAVE IT, WHO WILL?

Respectfully,

Robert and Lillian Moore
