RE: Planning Board and LUOC Recommendations, Ordinance Amendment –
Standards for Automobile Repair Services, Automobile Storage Lots

At the Town Council meeting on April 22, 2014, the Town Council discussed the differences between the LUOC recommendations presented to the Town Council in the memo from Brooks More, dated September 12, 2013, and the Planning Board recommendations presented in a memo from Ben Smith dated December 11, 2013. The memo of December 11 highlights the differences between the recommendations from these two groups.

The Town Council requested staff present the two versions of the ordinance separately, rather than in the form of a combined document as presented on April 22, 2014. Attached to this memo are:

- The memo from Brooks More dated September 12, 2013, and the LUOC recommendations:
- The memo from Ben Smith dated December 11, 2013, and the Planning Board's changes to the LUOC commendations.

Since the April 22 Town Council meeting, staff has been contacted by Ken Grondin, owner of the Quarry Ridge Business Park in the Economic Development (ED) zoning district, with a specific request to the proposed standards in extend the time individual vehicles may be kept onsite at an Automobile Storage Lot from 45 days to 180 days. Please see the attached email string with the most recent email from Ken Grondin dated May 1, 2014, which includes an email from Jeff Buschagen from Copart dated March 26, 2014, along with an aerial photo of a Copart facility Mr. Grondin attached to his mail.

This request may be accommodated in one of two ways:

- Change the limitation on storage length in the proposed Section 507 – Automobile Storage Lots, from 45 days to 180 days as requested, which would change the standard for Automobile Storage Lots in all zoning districts, or
- Remove the time limitations on storage from Section 507 altogether, and incorporate the time limitations in the Zoning District Standards in Section 400. This would allow the Town Council to differentiate storage limitations from district to district.

Staff has not incorporated either of these options into either the LUOC or Planning Board ordinance versions since these discussions took place since those versions were drafted, but are worthy of discussion at the Town Council meeting.

Finally, please note that Section 500 items will need to be renumbered because of the addition of item 507-Automobile Storage Lot. The renumbered performance standards, and references to the renumbered performance standards throughout the Land Use Ordinance, will be changed as an administrative task.

Hello Ben & Tom,

Hope all is well, we are starting to get busy now, looks like a good year as far as work for everyone. We will be doing River Road project which we are looking forward to, last couple of years we have had to travel more to keep people busy, we hope to tighten our work radius....

The reason I am contacting you is regarding Copart inquiry on land at Quarry Ridge Business Park. They are very interested in our site and now, knowing more about their operations we are comfortable with the fact that we can locate them in an appropriate spot on our property.

Real estate sales have been very slow for the last 6-8 years and we would like to do everything we can to site them there. I know you have met with them and there was a few ordinance related items that would need to be considered, but all in all they seem like a very well managed company that would be an asset to our community.

See below for a copy of earlier of these discussions with you and them. With current Enterprise Zone discussions on going it would be good timing to see what we can do to site them there if possible.

There would be 2 phases with phase 1 encompassing 10 acres +/-, and phase 2 approx. 18-24 months later. Phase 2 would be approximately 20 acres.

Attached is an aerial plan with general area of our interest as well as a site they own in North Carolina to show how well organized their facilities are.

Thanks in advance for your efforts.

Hello Ken,

Tom Dunham asked me to forward to you our thoughts on the ordinance changes going on right now with Windham.

Please find below the e-mail that I had sent Ben Smith a few weeks ago addressing our concerns. The biggest issue is the time frame for the use of "Automobile Storage Lot". Originally, I believe it calls for a 60-day turn for vehicles in this use, which is too short a time frame.

Please let me know if you should need any other information.

Thank you for your assistance.

Ben,

Per our discussion last week, here are the comments that I would like to add to the discussion regarding the Automobile Storage Lot definition:

Summary of Copart Operations:

Copart, Inc. provides vehicle suppliers (primarily insurance companies, dealers and financial institutions) with a full range of services to process and sell intact insurance totaled vehicles and used vehicles, principally to licensed dismantlers, rebuilders, used vehicle dealers, and exporters.

After being received and inventoried at Copart's facility, the vehicle remains in storage until receipt of ownership documents. The ownership documents, or title, is then processed according to local laws to produce a title to sell the vehicle. Thereafter, the vehicle is placed for sale on Copart's Internet sales platform, VB², which allows vehicle buyers to preview the vehicles prior to the virtual sale and place bids from anywhere using a computer with internet access. All vehicles are sold to the highest internet bidder. The successful high bidders make arrangements for vehicles to be transported from the facility.

Typically a Copart facility will consist of an office building, customer parking, vehicle receiving area, and yard storage for vehicles. No vehicle dismantling, crushing, or sale of parts occurs at any Copart facility. Vehicles are stored in an orderly manner and are never stacked. Vehicles remain in storage for an average of 60-70 days during the title and sale process.

Copart operates more than 150 facilities across the United States and is a leader in the vehicle remarketing industry. As such, we offer experience and expertise in the matter of zoning and ordinances for automobile storage facilities.

As an interested party, Copart would make the following recommendation to change the proposed performance standard for an Automobile Storage Lot:

507 Automobile Storage Lot

A. The following standards shall apply to Automobile Storage Lots created after [Effective Date]:

1. **Each** automobile shall be kept on the lot for no more than **180** cumulative days in a calendar year.
2. All stored automobiles shall be kept in a designated parking area. The designated parking area shall be no closer than 300 feet to a residential structure that conforms to this ordinance and is not owned or controlled by the operator of the Automobile Storage Lot.
3. The designated parking area shall be screened from public ways or structures on abutting properties. Such screening shall consist of opaque fencing or vegetative material, which must be a minimum of six (6) feet in height.
4. The facility Automobile Storage Lot shall ensure that leaking fluids from damaged or wrecked vehicles are collected or contained, per applicable Maine Department of Environmental Protection standards.
5. Automobile Storage Lots shall require an annual inspection by the Code Enforcement Officer.

In general, the reason for the recommended change in storage days is that 45-days is too constrictive for any business engaged in the storage of automobiles. For example, an impound Yard can often find itself holding a vehicle at the direction of law enforcement for months due to fatalities, criminal investigations, etc. A self-storage facility that stores vehicles through the winter for owners by definition exceeds 45-days in storage. And finally, while Copart or any business engaged in the storage and subsequent sale of vehicles will always attempt to sell vehicles as quickly as possible, there are occasions where sales take significantly longer due to issues with titles, legal issues, etc.

On the other hand, a 180-day limitation prevents an Automobile Storage Lot from becoming an “Automobile Graveyard” by giving the Code Enforcement Officer a tool within the ordinance to force the operator of the storage facility to either move or dispose of the vehicle in a timely manner.

If you should have any questions, please contact me directly.

Good afternoon, Jeff –

Sorry for the late notice, but Tom and I just noticed that this ordinance change is not on the agenda as we presumed and discussed at our meeting last Wednesday. We have requested that this item gets scheduled for April 8 – see below.

Thanks,
Ben

Subject: Town Council Schedule - Auto repair and storage lots

Hello, Tony –

Tom Bartell and I had a meeting with a company called Copart (www.copart.com) that is interested in acquiring +/- 30 acres in the ED district for an Automobile Storage Lot that might be 20-25 acres in size. These would be Maine cars are purchased from insurance companies to be wholesaled to body shops or for parts, junk/scrap yards, and international buyers.

Currently, this use is not allowed in the ED district. However the proposed Automobile Storage Lot definition in the draft ordinance is a good fit for the type of use they are proposing. It was written for auto impound lots, which were envisioned to be much smaller, but the same type of facility.

Would it be possible to get this item back on the agenda for discussion at the April 8 meeting?

Thanks,
Ben

RE: Planning Board Recommendation, Ordinance Amendment –
Standards for Automobile Repair Services, Automobile Storage Lots

At the Planning Board's meeting on November 25, 2013, the Planning Board continued a discussion regarding standards for Automobile Repair Services and Automobile Storage Lots.

This discussion began at the meeting on October 28, 2013, when a public hearing was held on the proposed amendments. There were no comments from the public at this hearing.

After discussion of the proposed changes, the Planning Board voted on the following:

To send the proposed standards regarding Automotive Repair Services and Automobile Storage Lots to the Town Council with a recommendation to accept the proposed amendments with additional changes:

§300 – Definitions

- Automobile Storage Lots. Change proposed definition as follows – “A parcel of land, building, or facility that is used for the temporary storage of wrecked, towed, or impounded motor vehicles ~~usually awaiting insurance adjustments, reclamation by titleholders or their agents, or transport to a repair shop.~~ (See Sec. 500 Performance Standards)

§400 – Zoning Districts

- Farm District – Keep Automobile Repair Services as a Conditional Use, and add Automobile Storage Lots as a Conditional Use, with a recommendation to consider increased setback requirements for these uses
- C-3 District – Recommendation to allow Automobile Repair Services for all types of vehicles, including heavy trucks over 26,000 lbs.

§500 – Performance Standards

- Automobile Repair Services
 - The Board would like the Town Council to consider additional wording for other uses that may require storing vehicles for more time, such as custom restoration businesses or the restoration of collectible or antique automobiles.
- Automobile Storage Lots
 - The Board suggested language referencing DEP standards for the collection and containment of leaking fluids from damaged or wrecked vehicles, and
 - Specifying a minimum height of 6-feet for screening.
- Warehousing, Public
 - The 6-foot minimum height for screening was also suggested for this use.

TO: Windham Town Council *HBM*
FROM: Brooks More, Dir. of Planning
Cc: Land Use Ordinance Committee (LUOC)
Heather McNally, Dir. of Code Enforcement
Tom Bartell, Dir. of Economic Development

RE: Standards for Automotive Repair Facilities and Automobile Storage Lots

Attached are the LUOC's recommendations for amendments to the standards for automobile repair facilities and storage lots. During the drafting process, the LUOC worked with Mark Cobb of Cobb's Collision and Ron Eby of Windham Automotive. Both Mark and Ron brought valuable industry perspective to the issue.

Overview

The proposed standards accomplish the following goals:

- Simplify the standards for automobile repair facilities by combining all repair facilities into a single use.
- Create a use definition for automobile storage lots.
- Separate the small engine repair use from larger automobile repair use.
- Review and propose changes to the zoning districts in which auto repair, auto storage, and small engine repair are allowed.

Section 300 Definitions

As stated above, the following amendments have been made to the definitions in Section 300:

- Automobile Repair Services have been combined into a single use. The LUOC, and local industry reps, agreed that there is very little difference in a facility that provides general automobile repair and a facility that provides auto body repair. Thus, the former "Major" and "Minor" automobile repair have been combined into a single use to simplify the standards in the land use ordinance.

- Warehousing, Public. The proposed change recognizes that public storage facilities often provide space on their lots for the storage of person automobiles. Storage facilities often also provide space for the outside storage of boats and trailers.

Section 400 Zoning Districts

The table provided before the ordinance text provides a summary of the districts in which each use is allowed. The table lists whether the use is “permitted use,” “conditional use,” “or home occupation.” The following are highlights of the changes in Section 400:

- Automobile repair has been removed as a conditional use in the Farm District. The LUOC agreed that the transformation of the Farm District from an agricultural area to a predominately suburban residential community, that automobile repair facilities are more appropriate in the designated commercial districts.
- In keeping with the change to automobile repair, small engine repair has also been removed as a conditional use in the Farm District. This use will still be allowed on owner-occupied properties as a home occupation.
- Automobile repair, automobile storage, and small engine repair have been added as uses in the Industrial District and Enterprise Development District.
- Commercial 3 (C3) District. In this district, the repair of commercial trucks is limited to 26,000 lbs. As noted in the supporting material, trucks over 26,000 lbs. are considered to be a more heavy duty class of vehicle. This limitation takes into account that dwellings are a permitted use in the C3 District.

Section 500 Performance Standards

- Automobile Repair Services.
 - The length of time that more than two (2) cars are allowed to remain on the property has been reduced to match the standard for automobile storage lots.
 - Cars may not be stored on a lot as an “accessory use.” This is intended to avoid a loophole in which an automobile repair shop could become a storage lot.
- Automobile Storage Lots. The standards in this section cover length of time, screening, and environmental protection.
- Warehousing, Public. A screening requirement has been added now that outside storage would be allowed.

If you have any questions prior to the meeting, please contact Committee Chair Scott Hayman, or Assistant Planner Ben Smith at your convenience.

the same site must also be allowed by the applicable zoning district(s). (*See definition of "Retail Store, Minimart"; "Automobile Repair Services, Minor"*)

4. Prohibited Uses

Uses that are not expressly enumerated herein as either permitted uses or conditional uses are prohibited.

5. Dimensional Standards

The following dimensional standards shall apply in the Farm District:

- (a) Minimum Lot Size:
 - (1) Standard (Non-Cluster) 80,000 s.f.
 - (2) Cluster Subdivision:
 - (a) All Subdivision lots connected to public water 30,000 s.f.
 - (b) Subdivision served by wells or a private system 40,000 s.f.
 - (3) Rooming House 4 acres
- (b) Maximum Lot Size:
 - (1) Cluster Subdivision 50,000 s.f.
 - (2) Cluster Subdivision: one (1) lot within subdivision 60,000 s.f.
- (c) Net Residential Density: 60,000 s.f.
- (d) Minimum Frontage:
 - (1) Standard (Non cluster) 200 ft.
 - (2) Cluster Subdivision 150 ft.
- (e) Minimum Front Setback:
 - (1) Standard (Non cluster) 40 ft.
 - (i) The minimum front Setback of a lot may be reduced to the average setback distance of the existing buildings located on the lots to either side of said lot.
 - (2) Cluster subdivision 30 ft.
 - (3) Non-Residential Use: Minimum Landscaped Buffer Strip 15 ft.
- (f) Minimum Side Setback:
 - (1) Standard (Non cluster) 10 ft.
 - (2) Cluster Subdivision: 10 ft.
- (g) Minimum Rear Setback:
 - (1) Standard (Non cluster): 10 ft.
 - (2) Cluster Subdivision: 10 ft.

- (h) Maximum Building Height: 35 ft.
 - (1) Agriculture, Public Buildings, Church Steeples No Limit
- (i) Maximum Building Coverage: 25%

6. District Standards

In addition to Section 500, Performance Standards, these standards shall apply to the following uses in the Farm District:

- (a) Automobile Repair Services, ~~Minor~~ in existence prior to [Effective Date]
 - (1) All repair operations shall be conducted inside an enclosed building.
 - (2) No more than three vehicles shall be serviced or stored on the property at any one time.
 - (3) Hours of operation shall be Monday through Saturday from 8:00 A.M. to 5:00 P.M.
- (b) Boarding Home for Sheltered Care. Homes shall be limited to a maximum number of 20 patients at any one time.
- (c) Cluster Subdivision. (*See Sec. 900 Subdivision Review*)
 - (1) Cluster subdivisions shall only be permitted on lots with the following minimum gross land area:
 - (i) Lots completely contained by the Farm District 20 acres
 - (ii) Lots with area in both the F and FR Districts 20 acres
 - (2) All Sketch Plan applications for single-family subdivisions that are located on a lot with a gross acreage of twenty (20) acres or more shall submit the following:
 - (i) One (1) conventional subdivision plan.
 - (ii) One (1) cluster subdivision plan.
- (d) Curb Cuts. See “Curb Cuts and Driveway Openings” in Section 500 Performance Standards for standards applicable to the Farm District
- (e) Dwelling, Two-Family and Dwelling, Multifamily. These uses shall only be allowed for the conversion of an existing dwelling or accessory building that was in existence prior to May 13, 1986. The following standards shall apply:
 - (1) No more than three (3) dwelling units may be created per lot.
 - (2) All dwelling units shall have a minimum area of 500 s.f.
- (f) Medical Office. See “Medical Office” in Section 500 Performance Standards for size limitations.

- (g) Research Laboratory. This use in the Farm District must conduct investigative research that is primarily related to the items defined in the definition of, “Agriculture.” Refer to Section 300 Definitions.
- (h) Service Business, Landscaping. This use shall be an accessory use to a Retail Sales, Nursery use under the following conditions:
 - (1) The Service Business, Landscaping use shall not exceed fifty (50) percent of the gross area (both interior and exterior areas) occupied by the principle Retail Sales, Nursery use.
- (i) Buffer Requirements for Specific Non-residential Uses. The following uses shall provide a buffer strip, as defined, from all abutting properties that are solely occupied by a residential dwelling(s):
 - (1) Boarding Home for Sheltered Care
 - (2) Medical Office
 - (3) Nursing Home
 - (4) Retail Sales, Convenience
 - (5) Retail Sales, Nursery
 - (5) Service Business, Landscaping

B. Farm-Residential District (FR)

1. Intent

The Town, as a rapidly growing community, recognizes that certain areas of the town will experience residential growth while the basic rural agricultural orientation remains. It is the intent of this chapter to allow these uses to coexist and develop harmoniously.

2. Permitted Uses

The following uses, as they are defined in Section 300, shall be permitted in the Farm-Residential District as a matter of right. Refer to Section 500, Performance Standards or Subsection 6. District Standards for additional use information:

- Agriculture
- Building, Accessory
- Campground, Commercial
- Campground, Personal

3. Conditional Uses

The following uses, as defined in Section 300, shall be allowed as a Conditional Use in accordance with Section 514. Refer to Section 500, Performance Standards or Subsection 6. District Standards for additional use information:

- Automobile Storage Lot
- Shipping Container

4. Prohibited Uses

Uses that are not expressly enumerated herein as either permitted uses or conditional uses are prohibited.

5. Dimensional Standards

The following dimensional standards shall apply in the Enterprise Development District:

- | | |
|---------------------------------------|---|
| (a) Minimum Lot Size: | None |
| (b) Minimum Frontage: | 100 ft. |
| (c) Minimum Front Setback: | 40 ft. |
| (1) Minimum Landscaped Buffer Strip | 40 ft. |
| (d) Minimum Side Setback: | Greater of 30 ft. or 50% of Building Height |
| (e) Minimum Rear Setback: | Greater of 30 ft. or 50% of Building Height |
| (f) Maximum Building Height: | 40 ft. |
| (1) Maximum Building Height Exemption | See District Standards |
| (g) Maximum Building Coverage: | 50% |
| (h) Maximum Impervious Area: | 75% |

6. District Standards

In addition to Section 500, Performance Standards, these standards shall apply to the following uses in the Enterprise Development District:

(a) Access Management

- (1) Any parcel of land which is divided or developed may be required by the Town to provide one (1) or more sixty (60) foot right-of-ways to abutting land in the Enterprise Development Zone.
- (2) An Enterprise Development District may have one (1) or more dead-end access streets from an existing public right-of-way.
 - (i) If two (2) or more entrances to an Enterprise Development District are proposed, such entrances shall be separated by at least one thousand (1000) linear feet, unless waived by the Planning Board.
- (3) The Town may require that one (1) or more turning lanes be provided on the public right-of-way from which the Enterprise District is accessed. The need for these lanes will be based on proposed traffic volumes and conditions.

- (4) Access to all lots within an Enterprise Development District shall be limited to the District's interior road system.
- (b) **Convention Center.** Convention Centers shall only be permitted as an Accessory Use to a Hotel or Motel.
- (c) **Buffers and Screening**
 - (1) **Residential District Boundary Buffer.** Where a lot abuts, or is within one hundred (100) feet of the side or rear boundary line of any residential district (including any residential district in an adjacent municipality), or within one hundred (100) feet of the side or rear boundary line of an existing improved residential lot within an ED District a fifty (50) foot wide buffer strip shall be provided. The following standards shall apply to the required buffer:
 - (i) Twenty (20) feet nearest the boundary shall be used and maintained as a landscaped buffer strip, as defined.
 - a) Within the landscaped buffer strip, screening of adjoining properties must be achieved as defined for a Buffer in Section 300 Definitions.
 - (ii) The remaining thirty (30) feet of the landscaped buffer strip shall also be used and maintained as a suitable planting area for lawns with trees, shrubs or other landscape material. Within this portion of the buffer strip, underground utilities such as septic systems, sewer pipes, storage tanks and wells shall be allowed. Employee picnic tables shall also be permitted in this area.
 - (iii) No building, structure, parking area, storage area, or display of equipment or materials shall be constructed, located or otherwise placed within any portion of the buffer strip.
 - (2) **Commercial District Boundary Buffer.** In an ED District where a lot abuts or is within one hundred (100) feet of the side or rear boundary line of any commercial zone, there shall be provided on those sides facing the commercial zone a buffer strip fifteen (15) feet wide which shall be used and maintained as a suitable planting area for lawns, trees, shrubs or other landscape materials.
 - (i) Within the landscaped buffer strip, screening of the adjoining commercial district properties must be achieved as defined for a Buffer Strip in Section 300 Definitions.
 - (3) **Frontage on Existing Public Rights-of-Way Buffer.** A landscaped buffer strip of at least one hundred (100) feet shall be required where the District, or a lot within the District, has frontage on an improved public right-of-way

that was in existence prior to the creation of the Enterprise Development District.

- (i) One (1) sign that identifies the establishments within the Enterprise Development District shall be permitted within the landscaped buffer strip. See Section 700 Signs and Graphic Displays.
 - (ii) No equipment, vehicles, materials, articles for sale or signs in addition to that allowed in Subsection 400(I)(6)(c)(1)(ii) above, shall be placed within any portion of the landscaped buffer strip unless otherwise provided for in this chapter.
- (4) Screening of Outdoor Storage. Outdoor storage shall be completely screened from adjoining properties by means of evergreen trees at least six (6) feet in height at time of planting.
- (5) Screening of Lighting: See Subsection 400(I)(6)(g)(5) below.
- (d) **Industry, Heavy.** In accordance with the Conditional Use standards in Section 514, the appropriate Review Authority may approve the manufacturing or use of hazardous material, as defined in Section 300. (*See Sec. 300 for definition of "manufacturing, hazardous"*)
- (e) **Maximum Building Height Exemption.** Buildings over 40 ft. high shall be allowed if approved by the Zoning Board of Appeals.
- (1) The Zoning Board of Appeals shall use the Conditional Use standards in Section 514 to make its findings on the application.
- (f) **Parking Lot Setback.** Parking lots shall maintain a 30 ft. setback from all property lines.
- (g) **Performance Standards**
- (1) Air Pollution: All uses shall comply with minimum Federal, State and local air pollution requirements.
- (i) Applicants shall submit information demonstrating compliance with any applicable federal, state or local requirements. If the application does not require subdivision or site plan review, the information shall be submitted to the Code Enforcement Officer for approval before a building permit is issued.
 - (ii) The maximum permitted density of smoke, dust and other particulate emissions during normal operations of any activity shall not exceed the maximum allowable under the regulations of the Maine Department of

Environmental Protection. In case of doubt, the Code Enforcement Officer may employ such independent, recognized consultants as necessary, at the expense of the applicant, to assure compliance with performance standards and all other requirements of this chapter related to the public health, safety and welfare and the abatement of nuisances.

- (2) Electromagnetic Interference. No use, activity or process shall be conducted which produces electromagnetic interference in the transmission or reception of electrical impulses beyond any lot lines, including radio and television. In all cases, Federal, State and local requirements shall be met. Violations of this standard shall be considered a public nuisance.
- (3) Fire Protection.
 - (i) All buildings or structures shall be connected to the public water supply and have a sprinkler system or a fire suppression system installed when required by the Town of Windham Building Code.
 - (ii) Storage, utilization, or manufacture of solid materials or products including free burning and intense burning is permitted provided that said materials or products shall be stored, utilized, or manufactured within completely enclosed buildings having incombustible walls and protected throughout by an automatic fire-extinguishing system.
 - (iii) The storage, utilization, or manufacture of flammable liquids, or materials which produce flammable or explosive vapors or gases shall be permitted in accordance with the most current edition of the National Fire Protection Association Standards for Flammable and Combustible Liquids (NFPA 30) or the most current edition of the Building Officials and Code Administrators (BOCA) Fire Prevention Code. The most restrictive standards shall apply.
 - (iv) Any change in use or occupancy shall require a review and approval by the Code Enforcement Officer and the Fire Chief.
 - (v) Tanks or other underground storage facilities abandoned or not in use for a period exceeding one (1) year shall be removed or otherwise assured safe conditions are present. In all cases, applicable Federal, State and local regulations shall prevail.
- (4) Groundwater and Surface Water Protection.
 - (i) Water Pollution. No activity shall locate, store, discharge, or permit the discharge of any treated, untreated or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity or temperature that run off, seep, percolate, or wash into surface

or ground waters so as to contaminate, pollute or harm such waters or cause nuisances, such as objectionable shore deposits, floating or submerged debris, oil or scum, color, odor, taste, or unsightliness or be harmful to human, animal, plant or aquatic life.

- a) All provisions of 38 M.R.S.A. Chapter 3, Protection and Improvements of Waters and such rules and regulations adopted by the Maine Board of Environmental Protection pursuant to the referenced purpose shall apply.
 - b) No development or use shall result in the existing groundwater quality becoming inferior to the physical, biological, chemical and/or radiological levels for raw and untreated drinking water supply sources specified in the Maine State Drinking Water Regulations, pursuant to 22 M.R.S.A., §2601 et seq. If the existing groundwater quality is inferior to the State Drinking Water Regulations, the developer or land owner will not degrade the water quality any further.
 - c) Representatives of the municipality or the Maine Department of Environmental Protection may enter the premises for the purpose of gauging, sampling and testing any waste water systems which may enter into water courses.
 - d) No development or use of land shall lower the groundwater table more than ten (10) feet.
- (ii) Subsurface Wastewater Disposal. The Enterprise Development District has been determined by the Town of Windham to be particularly sensitive to the discharge of pollutants from on-site subsurface sewage disposal systems and is therefore designated as a groundwater sensitive area. when the sewage contains effluent other than usual bathroom and/or on-premises food preparation water, the Town of Windham may require a pretreatment system of the effluent before its entry into any subsurface sewage disposal system
- a) The Town may hire a third party consultant to review any subsurface wastewater disposal applications. The costs for this review shall be the responsibility of the applicant.
 - b) The Town of Windham may require groundwater monitoring of the project at the owner's expense.
- (5) Lighting

- (i) No lights shall be placed in view of any public roadway or street so that its beams or rays are directed at any portion of the roadway when the light is of such brilliance and so positioned as to impair the vision of the driver of any motor vehicle upon said roadway.
 - (ii) Lighting with a lumen output equal to or greater than a two-hundred watt mercury light shall not be directed towards the sky or adjacent residential properties.
 - (iii) No rotating or flashing lights or signals, except safety signaling devices as required by law, are permitted.
 - (iv) Adequate buffers using either the natural landscape or artificial screening are required to prevent unnecessary light from being directed beyond any lot lines onto adjacent residential properties.
- (6) Noise. Noise is required to be muffled so as not to be objectionable due to emission, beat frequency or shrillness. The average dBA count resulting from any activity shall not exceed at any point on or beyond any lot line, sixty (60) dBA during the day and fifty (50) dBA at night. The average dBA count for any activity shall be computed based on samples taken at intervals over a twenty-four hour period.
- (i) During the peak activity of sixty (60) minutes in a twenty-four hour period, a noise may not exceed these average dBA counts by more than ten (10) dBA.
 - (ii) Temporary activities that are unable to meet these requirements shall require a special permit from the Code Enforcement Officer. The noise standards shall not apply to the temporary use of such machinery as chainsaws, lawn mowers and snowmobiles.
- (7) Odors. The emission of odorous or toxic matter in such quantities as to be readily detectable at any point along any lot lines so as to produce a public nuisance or hazard is prohibited.
- (i) Such activities shall comply with applicable minimum Federal, State and local requirements.
 - (ii) Detailed plans shall be submitted to the Code Enforcement Officer for approval before a permit is granted.
 - (iii) Violations of this standard shall be considered a public nuisance.

- (8) Vibrations. No vibration shall be produced which is transmitted through the ground and is discernible without the aid of instruments at or at any point beyond any lot line.

- (h) **Street and Road Design**
 - (1) All streets in the Enterprise Development District shall be designed and constructed to meet the industrial road standards set forth in Section 900 Subdivision Review.

 - (i) **Utilities.** All utilities, including telephone and electrical services, shall be placed underground. If the development is being reviewed by the Planning Board as either a site plan or subdivision, the applicant may request a waiver under the applicable waiver standards of either Section 800 Site Plan or Section 900 Subdivision.

 - (2) Restaurants shall not be permitted to include a drive-through facility.
- (e) Retail Sales: The maximum area of a building dedicated to retail sales shall be 10,000 s.f.

- D. Spreading or Disposal of Manure. All spreading or disposal of manure shall be accomplished in conformance with the, "Manual of Best Management Practices for Maine Agriculture," published by the Maine Department of Agriculture in January, 2007, and as this may be amended or superseded.

505 Adult Business Establishment

- A. Such establishment shall be at least two thousand (2,000) feet from the nearest property line of any school, place of worship, library, playground, child care family home, child care facility or any residential zoning district. Said distance shall be measured in a straight line without regard to intervening structures or objects.
- B. No sexually explicit materials, entertainment, or activity shall be visible from the exterior of the premises.

506 Automobile Repair Services, ~~Major, Minor~~

- A. The following standards shall apply to all Auto Repair Services:
1. The sale of gasoline or other petroleum products shall not be allowed as an accessory use (*see standards for Automobile Gas Station*).
 2. Upon completion of all repair work, as requested by the customer, no more than two (2) registered vehicles shall be left on site in excess of forty-fiveninety (4590) cumulative days in a calendar year. (*See definition for "Automobile Graveyard" in Section 300.*) The storage of cars in excess of this standard shall not be allowed as an accessory use for auto repair facilities established after [Effective Date] (see standards for Automobile Storage Lot).
 3. Automobiles may not be displayed for sale, or sold, on the premises, unless Automobile Sales, Outdoors is a permitted use or a conditional use in the applicable zoning district.

507 Automobile Storage Lot

- A. The following standards shall apply to Automobile Storage Lots created after [Effective Date]:
1. Cars shall be kept on the lot for no more than 45 cumulative days in a calendar year.
 2. All stored cars shall be kept in a designated parking area. The designated parking area shall be no closer than 300 feet to a residential structure that conforms to this ordinance and is not owned or controlled by the operator of the automobile storage lot.
 3. The designated parking area shall be screened from public ways or structures on abutting properties. Such screening shall consist of opaque fencing or vegetative material.
 4. The facility shall ensure that leaking fluids from damaged or wrecked vehicles are collected or contained.

5. Automobile storage lots shall require an annual inspection by the Code Enforcement Officer.

507 Bed and Breakfast Inn

- A. The following standards shall apply to all Bed and Breakfast Inns:
 - 1. A maximum of three (3) guest bedrooms shall be allowed in the inn.
 - 2. Total sleeping accommodations shall be for eight (8) or fewer guests.
 - 3. Breakfast shall be the only meal served and shall be limited to overnight guests.
 - 4. Rental for more than 30 cumulative days in a calendar year to the same guest, or guests, is prohibited.
 - 5. The Bed and Breakfast Inn must be the primary residence of the property's owner or operator.
 - 6. A structure shall not be used or occupied as a Bed and Breakfast Inn until:
 - (a) The State Fire Marshal certifies the structure to be in compliance with applicable sections of the NFPA 101 Life Safety Code,
 - (b) All necessary State approvals have been received, and
 - (c) A certificate of occupancy has been issued by the Code Enforcement Officer.

508 Boarding Home for Sheltered Care

- A. The facility shall be licensed as a boarding care or congregate care facility according to regulations issued by the Maine Department of Health and Human Services.

509 Buffer Strip, Landscaped

- A. The buffer strip shall be adjacent to, and parallel with, the front property line of a lot or parcel;
- B. The buffer strip shall run the entire length of the front property line.
- C. The buffer strip may be interrupted/crossed by driveways, access roads or pedestrian ways, but shall otherwise be maintained in a landscaped state.
 - 1. Driveways and access roads shall cross the buffer strip at an angle that is as close to perpendicular as possible.
 - 2. Public sidewalks may traverse the buffer strip parallel to the lots front lot line.
- D. The buffer strip shall not be used:
 - 1. For parking areas,
 - 2. Drive-through lanes for any use,
 - 3. The storage of material, equipment or waste, or
 - 4. The display of any equipment, material or products.

2. The driveway shall not be used to obtain the required minimum frontage for more than four (4) lots.
 - (a) A driveway may only be used to provide the required lot frontage for five (5) or more lots, if the entire length of the driveway is improved to applicable private way or public street standards.
3. Where a lot is created on an existing driveway after October 22, 2009 the minimum frontage required by the zoning district in which the proposed lot is located must be provided on the driveway.

520 Dwelling, Mixed Use

- A. The following standards shall apply to mixed use dwellings:
 1. These uses shall not be permitted in the basement or first story of a building.
 2. The entire building in which the uses are located shall be equipped with a sprinkler system approved by the Windham Fire Department or State Fire Marshall's Office.

521 Home Occupation 1

- A. Permit Required. A permit must be obtained from the Department of Code Enforcement prior to the installation of a Home Occupation 1.
 1. The granting of a home occupation shall apply to the applicant only while the applicant resides at the property.
- B. Permitted Uses. The following uses, as defined in Section 300, shall be allowed as a Home Occupation 1:
 1. Artist Studio
 2. ~~Auto Repair Services, Minor—Limited to~~ "Small Engine Repair," as defined.
 3. Business and Professional Office
 4. Service Business, Personal (*See Subsec. 521.C.1. below*)
- C. Standards. In making its findings, the Department of Code Enforcement shall use the standards for a Home Occupation 2 in Section 522.F. and the following:
 1. Service Business Personal. When authorized as a Home Occupation 1, this use shall not include laundry or dry cleaning services. (*Laundry and dry cleaning services may apply under Sec. 522 Home Occupation 2*)
- D. Conditions. The Department of Code Enforcement may place conditions on the home occupation to minimize impacts on area properties. The conditions must be related to the Code Enforcement Officer's findings on the standards listed in Subsection 522.F.

522 Home Occupation 2

- A. Approval Required. The Board of Appeals must approve all applications for a Home Occupation 2.

1. The granting of a home occupation shall apply to the applicant only while the applicant resides at the property and shall not be transferable to a subsequent resident of the property.
- B. Public Notification. Notice shall be sent to all owners of abutting property at least seven (7) days prior to the Board's initial consideration of an application.
- C. Public Hearing. The Board of Appeals shall hold a public hearing on any application. Notice of the public hearing shall be:
 1. Mailed to the owners of all abutting property at least seven (7) days prior to the hearing,
 2. Advertised in a newspaper of general circulation at least seven (7) days prior to the hearing.
- D. Permitted Uses. Home Occupation 2 uses shall be as follows:
 1. Uses that meet the standards of Subsection 522.F,
 2. Uses that are not prohibited by Subsection 522.E.
- E. Prohibited Uses. The following uses are specifically prohibited as a Home Occupation 2:
 1. Auto Repair Services, ~~Major~~
 - ~~2. Auto Repair Services, Minor~~
 23. Welding
 34. Slaughterhouse
 45. Smoke House.
- F. Standards
 1. The home occupation shall be carried on wholly within the dwelling or accessory structure.
 2. The home occupation shall be carried on primarily by a member or members of the family residing in the dwelling unit.
 - (a) Not more than two (2) persons who are not family members residing in the dwelling unit shall be employed.
 3. There shall be no exterior display, no exterior sign, other than those permitted in Section 705.D Signs, no exterior storage of materials and no other exterior indication of the home occupation or variation from the residential character of the principal building.
 4. Objectionable conditions such as noise, vibration, smoke, dust, electrical disturbance, odors, heat, glare or activity at unreasonable hours, shall not be permitted.
 5. In addition to the off-street parking provided to meet the normal requirements of the dwelling, adequate off-street parking shall be provided for the following:
 - (a) Vehicles of each employee, and

- b) The gravel or paved surface shall extend at least 50 feet from the centerline of the adjacent roadway.
 - c) The width of the gravel or paved surface shall be equal to the street width.
 - d) The hammerhead shall have a minimum 25 foot turning radius.
 - e) Larger dimensions may be required by the Director of Code Enforcement to accommodate larger design vehicles anticipated to use the turnaround.
- (g) Connection Requirements. The following standards determine the number of connections a private road must have with an existing public street. The cumulative number of lots or dwelling units created through the addition of lots or dwelling units to an existing subdivision shall be included in the minimum number of required street connections.

Number of Lots or Dwelling Units	Minimum Connections
Lots: 30 or less	1
Lots: 31 or more	2
Units: 30 or less	1
Units: 31 or more	2

- (1) Street Connection Separation Requirements. Private roads with two (2) or more connections to an existing public street shall be separated according to the standards in Table 2 of Section 900 Subdivision Review.
- (h) Maintenance Agreement. The applicant shall provide evidence that the private road shall be maintained either by the applicant or by the lot owners or a homeowners association. Proof may consist of a declaration of covenants that will be recorded and become part of each deed and specify how the costs of maintenance will be apportioned among the lot owners, or appropriate homeowners association documents. In the event that a homeowners association is formed, each lot deed shall refer to the association and shall require the lot owner to be a member of the association. No private road will be maintained by the Town until the Town has accepted the road. No private road shall be offered to the Town for acceptance until it meets the design requirements for a public street contained in this Ordinance.

549 Warehousing, Public

- A. Outdoor Storage. All outside storage of goods and materials shall be screened from public ways or abutting structures, not owned or controlled by the property owner, with opaque fencing or vegetative material.**

 - e) Larger dimensions may be required by the Director of Code Enforcement to accommodate larger design vehicles anticipated to use the turnaround.
- (g) Connection Requirements. The following standards determine the number of connections a private road must have with an existing public street. The cumulative number of lots or dwelling units created through the addition of lots or dwelling units to an existing subdivision shall be included in the minimum number of required street connections.

Number of Lots or Dwelling Units	Minimum Connections
Lots: 30 or less	1
Lots: 31 or more	2
Units: 30 or less	1
Units: 31 or more	2

- (1) Street Connection Separation Requirements. Private roads with two (2) or more connections to an existing public street shall be separated according to the standards in Table 2 of Section 900 Subdivision Review.
- (h) Maintenance Agreement. The applicant shall provide evidence that the private road shall be maintained either by the applicant or by the lot owners or a homeowners association. Proof may consist of a declaration of covenants that will be recorded and become part of each deed and specify how the costs of maintenance will be apportioned among the lot owners, or appropriate homeowners association documents. In the event that a homeowners association is formed, each lot deed shall refer to the association and shall require the lot owner to be a member of the association. No private road will be maintained by the Town until the Town has accepted the road. No private road shall be offered to the Town for acceptance until it meets the design requirements for a public street contained in this Ordinance.

549 Warehousing, Public

- A. Outdoor Storage. All outside storage of goods and materials shall be screened from public ways or abutting structures, not owned or controlled by the property owner, with opaque fencing or vegetative material, which must be a minimum of six (6) feet in height.
