From : Barry Tibbetts

Re : October 2, 2024

The Council per State Law has the ability to abate assessed taxes for two years prior to the current year. The Assessor may abate for the first year for a total of three years. Where these personal property taxes were assessed in error to a non-entity they are eligible to be abated. The Assessor has abated the first year. As the Tax Collector I am requesting the Municipal Officers abate the prior two years.
