Absent: 1 - Councilor Jones

IV. Adjustments to the Agenda.

Town Manager Burns stated that a last minute discussion item had been added on for the end of the meeting. The item concerns further efforts on opposition to Maine's LD 1829.

VI. Public Participation.

VII. Councilors' Comments.

Vice-Council Chair Reiner wished to express his condolences to the family, friends, and coworkers of the late Deputy Fire Chief John Kooistra, and that he had enjoyed conversations with him in the past. He expressed regret at the passing of one of his constituents and a fellow firefighter.

He stated that the State of Maine Legislature had also just passed LD 784, "An Act to Create a Rebuttable Presumption Related to Specialized Risk Screening for First Responders." LD 784 will shift the burden of proof to insurance carriers and off public safety workers in order to obtain risk pre-screening for cancer and other diseases. If the screening is denied by the insurance companies, the workers have leeway to contest the

denial. He stated that he is happy that Maine joins several other states in doing this.

Councilor Terry stated that she has received several kind thank you cards from the New England Mountain Bike Association (NEMBA) stating how happy they are with the new biking trails in the East Windham Conservation Area. She wanted to reiterate how valuable the Conservation Area is to the Town and the potential good it will do.

Councilors Nadeau and Morrison stated that they both appreciated the thank you cards as well.

Councilor Morrison stated that he was told by a citizen that the councilors should speak closer to the microphones.

VIII. PUBLIC HEARINGS.

XII. Town Manager's Report.

Manager Burns expressed his condolences to the Fire Department and to the late Deputy Chief Kooistra's family, and that his funeral service was remarkable and reflected well upon the Deputy Chief's character.

The Windham Public Library held a "Noon Year" celebration with eighty-five people in attendance. They also host a puzzle swap the first Saturday of each month.

The Public Works Department had a busy couple of weeks with fluctuations in the weather around the holidays. The patience of the residents was appreciated as the Town experienced trash pickup delays due to the weather, mostly on private roads and with a small delay on public roads. He expressed his appreciation to public works for the hard work they put in.

The Clerk's department finished their Voter Participation History (VPH) project from the recent election achieving 100% accuracy.

Town Clerk Anthony Blasi stated the VPH project serves two purposes, the first being to give the voter credit for the election and the second being to ensure the accuracy of the lists compared to the return of ballots cast. The numbers matched which means that the election clerks on election day and Town Staff dealing with absentees and assigning VPH all excelled in the tasks assigned to them. Councilors Nadeau and Morrison congratulated the Clerk's department on the success of the election.

Town Clerk Blasi also stated that dog license renewals are due and that late fees begin on February 1. Those not renewed will go to the Animal Control Officer for enforcement.

Manager Burns stated that the Fire Department aided the Town of Gorham with a house fire. The house did not have working smoke detectors and the residents were lucky to leave the house. He encouraged residents to check their smoke detectors to ensure they are working.

Communications Director Roger Copley has completed two videos, one being a plow-truck ride along with Public Works. Police Chief Kevin Schofield's video dealing with traffic enforcement remains the most popular.

Councilor Morrison stated that Public Works Director Brian Morin said there are 157 miles of Windham roads that have to be plowed in a storm, and it take four-and-a-half hours to complete that cycle. These drivers work over twenty-four hours sometimes plowing throughout the snow storm.

Councilor Fortier stated that when most people are staying home during inclement weather the drivers are out there making sure you will be able to get to where you need to go.
