We are currently reviewing our records to determine where records that may be responsive to your request are stored and will be reviewed in fulfilling your request. We will inform you of a projected turnaround time and cost for fulfilling your request as soon as we are able to provide you with a reasonably accurate estimate.

Please note that the Maine Freedom of Access Act provides access to documents but does not require municipalities to compile information from several documents to fulfill a request.

Subject: PUBLIC RECORDS REQUEST Q1-24 Windham Town ME

Hi,

We are conducting research on solar activity in the U.S. and would like access to the following data:

- Note that we do not need the original records nor need scanned copies – just the data that can be produced in excel or CSV format by the software used by your department to track permits and an email receipt is preferred
- **All permits issued** from 01/01/2024 to 03/31/2024

- The following data points: permit number, permit status, permit address, contractor, issue date, final date, permit type, sub-type, valuation (if available), work description
- If possible, please provide the reports in CSV or excel format.
- We are sorry if we are requesting any part of data again that we already have had from your end and we missed the same.

It's okay if there is a delay in this request, given the current situation with COVID-19.

Regards, and stay safe,

Chris Collins
