How does it work?

For example, a family with one *laptop* can add two *tablets* to share 6GB of data.

Mobile Share – Data 6GB	\$40
Share 6GB of Data	
⊕ 1 Laptop Share 6GB of Data	\$20/mo.
⊕ 1 Tablet Share 6GB of Data	\$10/mo.
⊕ 1 Tablet Share 6GB of Data	\$10/mo.
