Subject: Proposal for a Windham town flag

Hello, I would like to propose an idea for a Windham town flag. The benefits of such a thing would generate local community pride around a physical object representing the community as a whole. If you want to, you could make this into a flag contest, which would allow people to show their creativity, but also strengthen connection between the people, and association. You could also sell flags to residents as a way of making money and funding the organization. As much as I would like to create my own design, my job means I may not have enough time to do such a thing, let alone come to the meetings myself. But you could discuss the idea with members of the community as part of the agenda. Thank you, hope you have a great rest of your day. D. Sigley
