A growth permit which is not replaced by a building permit within such 90 day period shall expire, except that the Code Enforcement Officer may approve one extension for one additional period of 90 days if a request for the extension is made prior to the expiration of the original 90 day period.  - c. Twenty (20) of the growth permits in the reserve pool at the beginning of each calendar year shall be set aside for affordable housing units and may be used during the year as set forth in subsection 7. If any of these growth permits are not issued during the year, they shall not be carried forward, but the affordable housing set aside for the following year shall be reset at twenty (20) growth permits.
 - d. The Town Council may by order add growth permits to the reserve pool following public hearing as part of its periodic review of the Ordinance or if the available growth permits are not adequate to allow the construction of a project in accordance with subsection 7 below. If the Town Council votes to add growth permits to the reserve pool, a minimum of 10% of those permits shall be set aside for affordable housing.
 - e. If the number of growth permits remaining in the reserve pool at the end of a calendar year is less than twenty (20), additional growth permits shall be automatically be added to the pool so that twenty (20) growth permits are available and these twenty (20) permits shall be set aside for affordable housing units.

pool. This request shall be in writing on forms provided by the Code Enforcement Officer and shall demonstrate how the project conforms to the requirements of this subsection.

- d. If the Town Council determines that a subdivision or other development is eligible to receive growth permits from the reserve pool, it shall notify the Code Enforcement Officer in writing of this determination.
- e. The Town Council shall determine that a subdivision or other development is eligible to receive growth permits from the reserve pool only if it finds that at least one of the following are met:
 - (1) The dwelling units to which the growth permits may be allocated are part of a contract zone in which the provisions of the zoning provide for some or all of the growth permits needed for the project to come from the reserve pool.
 - (2) The dwelling units to which the growth permits may be allocated are part of an affordable housing project in which at least fifty (50) percent of the dwelling units are affordable housing.
 - (3) The dwelling units to which the growth permits may be allocated are part of an approved subdivision or other project and will be located in two-family, multifamily, or mixed-use buildings.
 - ~~(4) The dwelling units to which the growth permits may be allocated are in an area designated as a Growth Area in the Town of Windham Comprehensive Master Plan 2016 Update.~~
 - ~~(5) The applicant has established that it would be an undue an extreme financial hardship to delay construction of the dwelling unit. This basis for allocation shall not be available to any applicant that is the developer or owner of the subdivision in which the dwelling unit will be located.~~
- f. The growth permits in the reserve pool are intended to allow the construction of housing that is not easily accommodated within the annual allocation or that could unreasonably reduce the availability of growth permits to other property owners because of the scale or type of development. Therefore, in considering requests for the eligibility of projects to receive growth permits from the reserve pool, the Town Council shall approve such requests only if it finds that the use of growth permits from the annual allocation (see subsection C above) may not permit the dwelling units to be constructed in a timely and efficient manner or that the use of the growth permits from the annual allocation may unreasonably reduce the availability of growth permits to other property owners due to the scale of the project and the number of permits available through the annual allocation.
- g. If the Town Council determines a project to be eligible to receive growth permits from the reserve pool, the record owner of the property shall apply for a growth permit for each dwelling unit in accordance with subsection 4 above.

- h. The Code Enforcement Officer shall process the application for growth permit(s) from the reserve pool in accordance with subsection 5 above except as follows:
- (1) Growth permits shall first be issued from the annual allocation. If no growth permits from the annual allocation are available at the time of application, the Code Enforcement Officer shall issue the growth permits from the reserve pool.
 - (2) If the subdivision or development has not previously received twenty (20) of the available growth permits from the annual allocation during the current calendar year, the Code Enforcement Officer shall issue the growth permits from the annual allocation until the twenty (20) limit is reached and any additional growth permits shall be issued from the reserve pool.
 - (3) The issuance of growth permits for a subdivision or other project that is subject to contract zoning shall occur in accordance with these provisions unless the contract zoning contains specific alternative provisions. In this case, the Code Enforcement Officer shall issue the growth permit in accordance with the terms of the contract zone.
 - (4) If the subdivision or other project utilizing growth permits from the reserve pool is an affordable housing project or includes affordable housing units, the growth permits for the affordable units shall first be taken from the twenty reserve pool (20) permits set aside for affordable housing. If the growth permits available in the affordable housing allocation are not adequate to allow construction of the project, the balance of the growth permits shall be taken from the permits in the reserve pool that are not set aside for affordable housing.

8. Transferability.

Growth permits are issued only for the specific lot identified in the growth permit application. A growth permit may be transferred to a new owner of the lot, provided notice of the transfer of ownership is given in writing to the Code Enforcement Officer before the growth permit is replaced by a building permit. Transfer of ownership does not change the date of issuance or the ranking of an issued growth permit. An application for a growth permit is not transferable; however, if property which is the subject of a growth permit application is conveyed to another person and the grantee submits a growth permit application within 30 days of such conveyance, the application shall be credited the same number of points assigned to the prior application under Section G(5)(c)(4).

H. PERIODIC REVIEW OF ORDINANCE

The Town Council shall conduct a periodic review of this Ordinance to evaluate whether the rate of residential growth remains consistent with the Town's ability to absorb the growth and shall determine whether the number of growth permits available under this Ordinance should be adjusted by amendment to this Ordinance. The Town Council shall conduct a review at least once every three (3) years. The Town Council may seek assistance or advice from the Planning Board in connection with such review. This section does not limit the Council's authority to review and/or amend the Ordinance at any other time.

I. VIOLATION, PENALTIES AND ENFORCEMENT

Any person who constructs, creates or places a dwelling unit within the Town of Windham without a growth permit required by this Ordinance or who owns or occupies a dwelling unit constructed, created or placed within the Town of Windham without a growth permit required by this Ordinance commits a civil violation and is subject to the fines, penalties and remedies, including but not limited to payment of all attorney fees and costs, as provided in 30-A M.R.S.A. § 4452. Each day a violation continues to exist after notice of the violation constitutes a separate violation. This Ordinance shall be enforced by the Town of Windham Code Enforcement Officer in the manner provided for enforcement of violations of the Zoning Ordinance under Section 1004 of the Land Use Ordinance.
