Good morning Tammy,

The State never reached back out to our office in regard to this FOIA request.

I am going to call Hayley Rumbach directly and let her know that the Voter Card is public information, not via email though.

I will also let her know that the voter history is not public, only the voter can request their history.

Thank you

Judy

Good afternoon all,

I want to keep you all in the loop in regards to the FOIA request from Friday, August 9<sup>th</sup>.

I reached out to the Secretary of State (CVR help desk) on Monday and the secretary said she didn't have an answer and would reach out to

Leadership as soon as possible.

Yesterday, August 13, Heidi from Elections called me and explained that the voter card is public information, but not the voter history.

She said I could photo copy his voter card and send in the mail, or Hayley could come and pick up the copy. I was not allowed to electronically send this.

I would have to redact his driver's license number on his card if photo copied. She stressed many times that the Voter Participation History was not public.

In closing, she wanted me to wait and speak with Emily from Elections. I have not heard from Emily and have called today and left a message....

I am not here tomorrow, as David is having surgery. If Emily calls tomorrow, I will have Anthony forward the information to Tammy and call Emily Rumback,

the lady requesting this information.

Thank you

Judy
