From: Doug Fortier, Public Works Director & Dave Poree, Vehicle Maint. Supervisor   
Date: October 16, 2018  
RE: Public Works Pickup

We are seeking approval to purchase one 2019 Ford Transit 250 Cargo Van from account 19100-47430 capital equipment in the approved 2018-2019 budget.

We received bids from three dealers for the addition of a work Van to our Buildings Maintenance department.

- \$35,674.00 from Rowe Ford – 2019 Ford Transit 250, standard warranty (3yr bumper to bumper, 5yr or 60,000mi power train)
- \$28,954.84 from Bill Dodge – 2019 GMC Savana 2500 Cargo, standard warranty (3yr bumper to bumper) does not meet spec. on roof height.
- \$28,650.00 from Quick Chevrolet – 2019 Chevrolet Express Cargo Van, standard warranty (3yr bumper to bumper) does not meet spec. on roof height.

The Ford Transit van does meet all specs with a 6 foot inside height. This allows the worker to stand up comfortably inside the van to do any prep work or assembling while surrounded by all materials and tools needed before proceeding into the job site. This will help cut back on time lost walking to and from the van for materials and tools.

The Ford van has 315 cubic feet of interior cargo space and the GM and Chevrolet has only 239 cubic feet of cargo space.

The Ford pay load is 3950 pounds and the GM and Chevrolet is only 2695 pounds.

The GMC and Chevrolet vans (4ft inside height) do not meet the bid spec we put forth for the medium raised roof.

We are recommending the 2019 Ford Transit 250 from Rowe Ford for a total cost of \$35,674.00

Bids are attached:
