Re : Lee's Family Trailer Hovercraft Donation

We were approached Daniel Craffey the owner of Lee's Family Trailer at the end of November wishing to donate to the department a Neoteric Hovercraft. This vehicle is a 2013 four person 65 hp inboard Hovercraft on a trailer built by Neoteric Hovercraft, Inc of Terre Haute, Indiana with an original sticker price of \$50,014.59. Mr. Craffey took the vehicle in trade and thought that we might have use for emergency response.

We have researched the vehicle both through the company and industry experts. The vehicle has been used by many departments worldwide for land, water and ice rescue applications. The previous owner used it to access his boat over mud flats. Operator training and vehicle maintenance training is available through Neoteric.

The Department is seeking authorization to accept this donation on behalf of the town and to implement a training and response plan for its use.

Thank you in advance.

Dear Chief Libby & Deputy Chief Wescott:

On behalf of the team here at Lees Family Trailer we would like to thank you for your continued support of both our business and community. As a token of our gratitude towards your service we wish to gift this Red 2013 Inboard Hovercraft (Serial No. #9TJ313).

May the holiday season find you your families with good health and wellness.

Best regards,

Daniel Craffey
