Re: MEREDA Conference attendance review.

On Thursday February 27th, a group of six representative, including members of the Windham Economic Development Corporation, a Windham Town Councilor, Town of Windham Staff, and Department Heads attended, and manned the WEDC/Town of Windham booth at the MEREDA Annual Forecast Conference and Member Showcase in Portland. Our booth reflected two of our Economic Development Strategic Plan areas of focus, the North Windham Downtown, and Windham Outdoors. MEREDA, the Maine Real Estate and Development Association, is Maine's premier real estate development advocacy and educational group. Attending for Windham were:

Tom Bartell, Economic Development Director

Lisa Fisher, Planning and Economic Development Assistant

Dustin Roma, Engineer and WEDC Board Member

Dave Nadeau, Windham Town Councilor

Steve Puleo, Town Planning Director

Joshua Houde, Assessor

Roger Cropley, Communications Director

As with any conference there were several keynote addresses and breakout sessions, this year we were asked to provide information specific to the work we are doing here in Windham to be presented at the Regional Outlook session. During the session, the following information slide was presented by the panel moderator as she discussed our conversations about all the great developments happening in Windham. Back at our booth, and as members of our team went about the conference, we were pleased by the number of conference attendees who were becoming more aware of what we are doing in Windham, particularly in the North Windham Downtown area, to make us ready for continued development opportunities.

Windham Town Hall, 8 School Road, Windham ME 04062

WINDHAM OUTDOORS

Welcome to the Windham Outdoors

Find it here.

Enjoy the Maine Outdoors no special skills required.

The Parks are for everyone!

Windham Community Park
Come play on the volleyball or basketball courts. Relax under the pavilion and enjoy the Windham Skatepark.

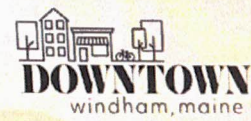

RSU 14 Campus
Enjoy the Primary and Middle School school playgrounds, high school tennis courts, and sports fields. Open all year down to dusk. Not open during school hours.

Mountain Division Trail
A paved multi-use trail that is part of a larger regional network. Ideal for walking, jogging, biking, and even cross-country skiing in winter.

Donna Beth Lippman Park
Explore the beautiful trails around Chaffin Pond. Play on the skate park and picnic area.

Town Hall Playground
Central playground and natural picnic area. Open daily to dusk.

Dunder Park
Open Memorial Weekend to Labor Day. Open daily to dusk. This is a great place for family fun.

The best of Windham is waiting for you

Approved and Planned Private Investments

- \$215,000,000 in new private development investment
- 370 multifamily homes approved, under construction, or completed
- 446 multifamily homes pending approval
- 1 hotel pending approval
- 48 affordable senior homes approved

The exhibit table is covered with a white cloth and features a variety of promotional materials. A laptop displays a scenic view of a lake. Next to it is a green backpack with the Windham logo. Several brochures and informational cards are laid out on the table. A bowl of red snacks is visible on the right side. In the background, a tall banner for 'Construction Engineering' is visible, along with a sign for 'CRITERION ENGINEERS'.
