

Designated Private Ways – Compliance with L.D. 1975

September 9, 2022

Progress Report

Of the **Designated Private Ways**, the Town is currently providing winter maintenance services:

- Council has accepted easements from **8 associations**, representing **11 roads**, serving 279 abutting parcels.
- Council at its meeting of September 13, 2022, will act to accept **1 easement**, from an association representing **1 road**, serving 38 abutting parcels.
 - With this action, **12%** of the roads that qualify for winter maintenance as defined by L.D. 1975 have complied with the law for continued services.
- We still need to obtain easements from **88 roads**, representing 1,313 abutting parcels.
 - We have confirmation of 21 associations, representing **41 roads** and 813 abutters working towards having their meetings & getting their easement signatures.
 - This is **(41%)** of the roads that qualify for winter maintenance to continue upon compliance with L.D. 1975.
 - We have heard from individuals of 23 roads, representing 234 abutting parcels, who have made inquiries or have taken steps developing/formalizing an association and inquired about the easement requirements. **(23%)**
 - We have not heard from representatives of 24 roads, representing 266 abutting parcels. **(24%)**
