Hi Amanda,

We received the following by email on 8/25/16:

- Final Subdivision Application Packet, dated 8/22/16, prepared by DM Roma Consulting Engineers.
- Plan Set with 9 drawings, dated 8/22/16, prepared by DM Roma Consulting Engineers.

We have reviewed the final application for conformance with the Town's Ordinances and general engineering standards and offer the following comments:

1. Applicant should submit the final DEP approved stormwater maintenance plan, if revisions were required by MaineDEP.
2. The Town should note that DEP and DHS permits require that the Applicant retain the Design Engineer to oversee the construction of the stormwater infiltration basins and the engineered septic system.

Thank you,

William C. Haskell | Principal
