Re: Winter Maintenance for Antoine Rd

On August 29th Mary Labue brought in a request to apply for winter maintenance. I have inspected the road using the council policy regarding winter maintenance. I have found the following issues that do not meet the policy

- #1 Do not have any paperwork for this
- #2 This road has not been through the towns subdivision review
- #3 Do not have any paperwork
- #5 The travel portion of the road is 18 to 20 feet wide not 22
- #6 There is no way to know if the gravel base is built to a minor road standard
- #7 There are trees, rocks, gravel berms and phone poles that could be easily hit with a plow and wing
- #9 There is no defined built turnaround

Attached is the letter asking for winter maintenance.

Re: Application for consideration of winter maintenance to Anthoine Road

To members of the Town Council,

Anthoine Road Statutory Road Association is requesting that the Town Council of Windham consider winter maintenance to 25 Anthoine Road from Route 302, where there is an area for a turn around.

Thank you,

A handwritten signature in blue ink, which appears to read 'Mary B. Ladue', is written over a horizontal line.
