Windham fact sheet

*Council discussed CD 17-111. Also part of the discussion were Doug Fortier, Public Works Director and Gretchen Andersen, Stormwater Compliance Officer.*

##### CD 17-113 21st Century Downtown Land Use Ordinance Amendments Presentation & Discussion - Part II.

*Council Discussed CD 17-113. Also part of the discussion were Ben Smith, Planning Director and Kara Wilbur from Maine Design Workshop/Principle Design. Consensus is to continue to work to finalize package of amendments for character-based coding in the 21st Century Downtown area and, concurrently, to reach out to other property owners in the area to "stress test" the work so far with hypothetical projects. A package is expected to the Council in a few weeks.*

##### CD 17-119 Mobile Application Tool for Receiving and Tracking Comments from the Public

*Council discussed CD 17-119. Tony Plante, Town Manager said that the Civic Engage mobile app from Civic Plus is a likely choice because of its integration with the town's existing web platform and modest cost. Further details will be gathered to ensure the app's functionality before proceeding, but the Council expressed its interest in deploying an app soon. While this may be combined with a refresh/redesign of the web site, the app should not wait for the web site work to be done.*

#### III. Agendas & Scheduling.

##### CD 17-138 Agenda Items Reports.

Project & Issues List 20170407
