Re: Snow-box pushers

I am requesting that you award the bid for the new snow-box pushers to Milton Cat. This is for both an 8 foot pusher for the skid steer and a 12 foot pusher for the backhoe. This equipment will come out of account 19100-47430 Equipment Replacement in the approved fiscal 2019 budget.

We received quotes from three vendors:

Milton Cat total for both	\$7,723.00
HP Fairfield total for both	\$7,709.00
Allied Equipment total for both	\$8,821.00

All vendors bid with quick hook up to both pieces of equipment versus chaining the pusher into the bucket. This also takes both weight of the front of the machine and shortens the overall length.

Cat bid both with trip edge protection, the other two vendors did not.

HP Fairfield would need to have the backhoe in Skowhegan for the IT quick hook up for alignment purposes so there would be a cost to have it delivered and returned

I am recommending we award to Milton Cat for both snow box pushers.

The total price is \$1,223.00 over what was budgeted and if need we can make up the difference from fleet account 12700-45320.

See attached bids for costs:
