

Highland Lake Leadership Team

Meeting Agenda 1/17/18
2:30 PM Falmouth Town Hall

2:30 pm Welcome

2:35 pm Subcommittee Updates/Review/Comment (15 minutes each):

Public Forum

Education and Outreach

Ordinance Review

Watershed Survey

3:35 pm Decide on whether/how to include the Science and Water Quality Stakeholders Group into the HLLT. Should this group be a stand alone subcommittee, or separate from the HLLT?

In time, several of the above mentioned committees will fade away (Ordinance Review and Public Forum) while the Watershed Survey will morph into action plans etc. The Science and Water Quality Stakeholders Group would seem to be one of the long lasting groups along with the Education and Outreach associated with this process.

3:45 pm Other Items

3:55 pm Adjourn
