Good Morning all

Not that I don't have anything else to do. I've been thinking of a compromise I believe most of my petition signers would be O.K. with. It's somewhat a combination of the one from January and the one from February. It's simple and I made some notes on it. Also, Amanda I am not sure of the requirements for planning board review.

Construction Services as defined already is currently allowed in C-1, Enterprise Development, and Village Commercial Service business Landscaping is currently allowed in Farm, C-1 and C-3  
I thought maybe you folks could look it over and see what you think.

Thanks for your consideration  
Holly Tubbs
