The reason we're asking for a third party review is that there doesn't appear to any concerns on the board regarding the wetlands or peoples wells or the downstream affects of that development to the Pleasant River. It just feels like the planning board is going along with whatever the developer wants.

When is the site walk planned?

Sparky & Helen,
I'll pass your request on to the Planning Board.

Staff is not of the opinion that this particular project warrants independent consultant review as allowed by Section 909.C: "Such consultation shall be limited to reasonable and necessary review, as allowed by the pertinent ordinance, which exceeds the expertise of Town staff or their ability to review the application materials within the time limits otherwise required by law or Ordinance."

Subject: Woodside Condo 3rd party site review

Amanda

We'd like to request that the Cumberland County Soil and Water Conservation District (Chris Baldwin) conduct a 3rd party site review for the Woodside Condo development project.

Thanks
