Mock Crime Scene: School Resource Officer Seth Fournier, Detective Gene Gallant, Det. Sgt, Andrews worked on a crime mock crime scene at the High Scholl Specifically a hit and run scenario. This afforded the opportunity for students learn about various aspect of the investigative process, from crime scene management, the preservation and collection of physical evidence, interview witness and report writing. His was received well by students and staff and received a lot of positive reporting. Nice JOB!!

Upcoming Community Policing events: In May seventh graders worked with their teachers and Be the Influence Director and created a Back to the Future project. This project is a spinoff of the movie and represents Maine in two ways; one being what the future looks like with the continued challenges faced with Opioid epidemic, the other is a vision representing the future with epidemic solved. It is clear that not only had our students and teachers put a lot of work into this project, the students learned a lot about the problem. This is a significant piece of reducing the opioid problem.
