RE: Ordinance Amendment: Section 400 related to Accessory Building front setback in C-1 & C-2 Zoning Districts

Attached is draft ordinance language that makes changes to Section 400 of the Land Use Ordinance to clarify the required front setback for accessory buildings in the Commercial 1 and Commercial 2 Zoning Districts. The purpose of this change is correct an oversight following the June 12, 2018 adoption of amendments to the Land Use Ordinance regulations in North Windham that were intended to encourage development to occur in a way that is closer to the vision established in the 21st Century Downtown Plan for North Windham. One of the significant changes was to reduce the building setback to roads by setting a range for a maximum setback. This proposed change clarifies that accessory buildings do not need to be built to this setback and should continue to be permitted in locations toward the rear of a lot.

The attached ordinance language contains underlined text for new wording. The Planning Board discussed the enclosed proposed ordinance changes to the Land Use Ordinance at the Board meeting on May 29, 2019.

A public hearing is scheduled for the Planning Board meeting on June 10, 2019. After the public hearing and discussion by the Board, the Planning Board may vote on a recommendation to the Town Council similar to the following:

MOTION: To (**recommend/recommend with comments/not recommend**) approval of the proposed amendment to Section 400 of the Land Use Ordinance related to Accessory Building front setback in the C-1 and C-2 Zoning Districts.
