I won't be able to attend the meeting

But please hear my voice.

Why in the world would you want to turn an area that was starting to shape up into the ghetto or sagamore village?????

Honestly you want to add an 8 unit low income to a 200' dead end street.??

And even more add a side walk to the other side of Androscoggin and for what so all the low income you want to house can do what walk? Won't happen and with the already multiple units going in it is only going to add to more issues. Have you all increased the police force, fire, rescue? Have you thought of what all those possible kids will do other than to already damage the school that continues to deteriorate rather than do something constructive with it to keep kids out of trouble? Like a skate rink in winter, hoops, Internet cafe

Why not just buy us all out and put in Sagamore of Windham????

If Cummings wants a 2 unit duplex non low income go forward with something like that but this idea of 8 is out of control and moreover will be issues one right after the other and oh the walking path from bottom of Androscoggin to the trail.

Yes let's make it easier for the homeless that live in the mill in the winter to walk up and break into our homes and cars.

Has anyone thought of anything other than the mighty dollar.?

You increase our property values to turn it into a shit show and more ghetto than it has always been.

Not sure I am grasping any of it .
