

Windham Police Department

Quarterly Report

July-Sept. 2021

Retiree Plaque Project: For several months a committee formed of Current and Recent retirees worked on a concept to create a plaque to honor and recognize the first four member of the department, those who served 10 years or more and our two retrieved K-9s. The plaque was unveiled and extremely well attended ceremony. We look forward to the completion of the Public safety building so we can proudly display this beautiful plaque.

Staffing: While full staffed most of the second quarter, we had one long term worker. comp matter, one person on extended military deployment and three people in Field training. During the quarter one person cleared FTO. With that and our SRO's being more available and people stepping up to help we managed to get people some well deserved vacation time and provide essential road coverage.

Building project: The building project is on schedule and moving along well. The entire first floor of the station is vacant for remodeling. All Police operations are now confined to the second floor. While this makes for rather confined conditions, everyone has adapted and doing well to make things work and make project a success.

Body Worn Cameras: We wrote a grant through the Department of Justice to augment our capital FY 21/22 budget to procure and implement our Body Worn Camera project. We should hear about the grant in October. Once we do, we will procure the equipment and hope to have the project running by January.

New Tasers: The new Taser system that was in the FY 21/22 budget has been ordered and should be in next quarter. This project not only was for the Tasers, it includes equipment to include virtual reality training which will encompass de-escalation techniques.
