Be The Influence Coalition: Today's Marijuana in Our Community

The director and other representatives from Be the influence, a Drug-Free Communities coalition including the Town of Windham, Town of Raymond, RSU 14 Windham-Raymond School District, and the Sebago Lakes Region Chamber of Commerce will present, according to its flyer, "an educational session on today's marijuana, how it affects the developing brain, what we can do to keep our community healthy and prevent youth substance abuse."

The educational session is planned for thirty minutes, with time for questions and discussion.
