Voluntary Municipal Farm Support Program.

The Council will continue its discussion of voluntary municipal farm support programs, allowed under state law since 2007 but only implemented in one community so far, the Town of Winslow. Following the discussions of March 7, 2017 (CD 17-045) and May 2, 2017 (CD 17-153), staff made revisions to the program documents based on Council input.
