Agenda Items Reports.

Attached are three reports:

- The “Agenda Items Report” lists items in the Council’s legislative management system (the system used to track and publish items for Council meetings, which also links to the online video through the town’s web site) for upcoming dates.
- The “Projects & Issues List” shows various items the Council and/or town manager are tracking. These tend to be longer-term and/or higher profile projects and issues, and is only part of what the Council, manager, and staff might deal with on a daily basis.
- The “Projects & Issues Sheets” provide a running tally of actions completed and next steps for the items on the “Projects & Issues List.”
