II. Basis for Council Action.

Council approval of this item is required because;

- a. Pursuant to Article I, Section 2 of the Charter the town “may enact reasonable by-laws, regulations and ordinances for municipal purposes, not inconsistent with the Constitution and laws of the State of Maine,”
- b. Pursuant to Article I, Section 2 of the Charter “the administration of all the fiscal, prudential and municipal affairs of said Town, with the government thereof, except as otherwise provided by this Charter, shall be and are vested in one body of seven (7) members, which shall constitute and be called the Town Council,”
- c. Pursuant to Article II, Section 3(I) of the Charter the Council shall have the power to “exercise all the legislative, financial, borrowing and other powers now or hereafter given by statute to inhabitants of towns acting in Town Meeting except as otherwise provided herein, and also exercise all the powers now or hereafter given by statute to municipal officers of towns,” and
- d. Pursuant to Article II, Section 11(D) of the Charter and “to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances.”

III. Issue Summary.

Issues surrounding a recent project have raised concerns about the threshold at which the town’s fire prevention and life safety code applies, and in situations often different than what the State of Maine requires.
